

# P9 Lite/Pro

3.7" Rugged Windows Mobile Handheld

P9 will bring new experience to the users with excellent industrial protection, long standby time, and high work efficiency. The single 3400 mAh smart battery can work continually up to 10 hours. P9 Pro has internal GNSS model which supports GPS/GLONASS/BDS.

# Sunlight Viewable Screen

The 3.7-inch screen with 640 x 480 resolution can be clearly viewable under sunlight.

# Support USB OTG

The mini USB can be used for convenient data exchange.

# GNSS module (Pro)

With U-blox GNSS module, P9 Pro supports GPS, GLONASS, BDS constellations.

#### 3G Network (Pro)

P9 Pro supports SIM cards to provide network access anytime.

# Physical Keyboard

The keyboard makes it more convenient for data input.

#### Stylus Pen

Equipped with stylus, it is more accurate to operate even in rain mode.

#### Rugged Design

P9 is designed as a rugged device. It survives a 1.2 m drop on concrete floor.

# **Product Specification**

Edition: 20201123

<sup>1.</sup> Only P9 Pro supports rear camera.

<sup>2.</sup> Only P9 Pro supports internal GNSS.

<sup>3.</sup> Only P9 Pro supports GSM network.

<sup>4.</sup> The actually working time depends on the temperature and the running software.
